## **For Immediate Release**

### **Healthcare Industry Veteran Terry Cameron Accepts New Position**

*Greenwood Village, Colorado, September 12, 2014* — Recondo Technology today announced that Terry Cameron, formerly President and Chief Operating Officer (COO), will be taking the position of Vice President of Internal Operations, and in this role he will be focusing exclusively on management oversight and support, account implementation, data operations and day-to-day internal operations for Recondo's health care provider clients. The move comes in response to the request of Mr. Cameron's former employer to enforce his contractual non-compete obligation and to protect his former employer's confidential and proprietary information.
